

We now have available a new line of high quality MicroAbrasives.

MicroAbrasives are highly refined, extremely fine, "powdered" abrasive media for use in all popular brands of Microblasting machines. Our MicroAbrasives are certified for purity and consistency.

Packaged in convenient, resealable, plastic bottles, they are easy to store and handle. Our MicroAbrasives come in the most common types, sizes and hardnesses to meet the needs of the majority of applications.
