

"GreenerBlast" – the next generation in abrasive blast cleaning

- **90% less media consumption** than traditional dry blast units, typically 100-150 pounds consumed per hour
- Uses water mist for **"dust-free" blasting**, approximately 1 quart per minute
 - Add Salt Remover or Rust Inhibitor for added substrate protection
- 7.6 ft³ Blast Pot plus 100-gallon Water Tank provide **3-4 hours** of continuous blasting
- Compact size, 78"L x 31.5"W x 53"H and 1,000 pounds dry weight
 - Easily fits in 1-1/2-ton Pickup Truck or through a standard 32" wide doorway
 - Built-in lifting lugs and forklift slots for easy handling
- Versatile
 - Accommodates **all commercial grades** of abrasive media (with Specific Gravity > 1.0)
 - Uses nozzles from 3/8" to 3/4"
 - Comes with 50' of 1-1/4" Blast Hose plus a 1/2" nozzle
 - **"Blast" or "Rinse"** with the flip of a switch
 - **Use indoors or outdoors** from the simplest to the toughest jobs

Requires a
350-400 cfm
Compressor
