

Certified **EXPLOSION-PROOF**

Industrial Vacuums

by
Ruwac

The FRV Series – available in either electric- or pneumatic-powered models from 135 to 300 cfm airflow, 5" Hg to 16" Hg vacuum pressure; the most suction in their class. The perfect solution for housekeeping tasks in combustible dust environments such as coal dust, flour, grain, wood dust, textiles, rubber, paint, pharmaceuticals, etc. Their state-of-the-art multi-stage turbines deliver years of maintenance-free performance. With features and guarantees exclusive only to Ruwac's explosion-proof vacuums, the FRV series of vacuums will provide years of maximum safety, high performance cleaning, low maintenance costs, and easy operation.

Every FRV vacuum conforms to Class I Div 1 & 2, Group D and Class II, Div 1 & 2, Group F & G requirements for use in hazardous locations, and are built in an ISO 9001 registered plant to UL and CSA standards.

**Made in
the USA**
