

HOW'S ABOUT A 3-FER?

That's right....3 for the price of 1!!

Introducing the new WSO line of Collectors from Torit[®] Donaldson.

In a single unit, have the capability to filter
Water soluble coolants, or
Smoke (thermally generated), or
Oil mist....

....all by simply changing filters.

- Filter from .07 micron smoke to 20 micron water mist
- Unique cross-flow design maximizes drainage and minimizes effluent re-entrainment
- Unique, oblong "Synteq XP" cartridge provides 45% more filter area, lower pressure drop, and longer filter life
- 3-stage filtration:
 - 4 types of pre-filters
 - 3 types of interchangeable primary filters
 - Optional HEPA filtration
- Flow range up to 5,550 cfm
- Choose between machine-mount, pedestal, or central collection configurations
- 10-year warranty
