Self Propelled Shot Blaster

1-15DSGI

Self Propelled Shot Blaster

The 1-15DS shot blaster is a high quality versatile machine that is equipped with its own height adjusting system for easy transportation. Perfect for industrial floors, warehouses, roads, airport maintenance and parking garages, this shot blaster is an environmentally sound choice for high productivity in surface preparation. Blastrac has designed a full range of dust collectors, consumables and optional items which give the opportunity to process any floor and specific application.

BLASTING PATH:
15 IN

POWER:
20 HP | DUAL VOLTAGE | 230V, (52A)
OR 460V, (27A), 3Ø

DIMENSIONS:
L 71 IN X W 23 IN X H 47 IN

WEIGHT:
1093 LB

PRODUCTION:
UP TO 2690 SQ. FT./HR

TYPE:
SELF-PROPELLED

Dust Collector Option(s)

Key Points

- Easy to move around and can turn at 360° angle
- Quick-lift rear caster assembly for easier transporting
- Labor and time-saving shot blasting process strips, cleans and profiles in one step—cost effective and friendly to the environment
